EDUCATION

- **Indian Institute of Information Technology** — Jabalpur, India
  Bachelor of Technology in Computer Science; CPI: 7.6 — *August 2017 – present*

- **Vidya Mandir Public School** — Faridabad, HR
  Senior Secondary Education— CBSE — Percentage 91.4% — *2014 - 2016*

- **Vidya Mandir Public School** — Faridabad, HR
  Secondary Education— CBSE — CGPA 10 — *2012 - 2014*

EXPERIENCE

- **Innovaccer** — Noida, India
  Software Development Engineer - Intern — *April 2020 - June 2020*
  - **InAPI**: As a code developer, I worked on two projects with the Platform team. The projects were built as per REST API architecture and followed FHIR standards. The projects followed serverless architecture and I also worked on testing the projects through Postman and Newman collections performed through GitHub Actions during CI/CD pipeline.

- **IBM** — GTS Labs, Bengaluru
  Summer Intern — *May 2019 - July 2019*
  - **Cloud Developer**: As a code developer, I was responsible for automating the deployment of a Highly Available Cluster on the IBM Cloud platform. This was a highly scalable solution for the deployment of the cluster as per the client's needs with proven time reduction by 70%.

PROJECTS

- **IBM Cloud PaaS Automation**: Automates the deployment of a highly availabe cluster on the IBM Cloud Platform.

- **Redaction Platform**: Masks sensitive information from unstructured data to prevent information misuse.
- **Java Screen Snapper**: Snaps a screenshot of the screen which can be viewed thorugh the inbuilt gallery.

PROGRAMMING SKILLS

- **Languages**: Java, C, Python   **Technologies**: DBMS,SQL, Git, Node.js
